NADIA'S NIGHT OF NIPPLE-POPPING PLEASURE: PART TWO

Welcome to Part Two of *The Efotic Ordeals of Nadia Nipple-Pricks!* That's what Les calls me – Nadia Nipple-Pricks. Cute eh? If you recall, I had begun to tell you about that most amazing night of my life when the legendary Ice Maiden was abruptly and rudely (I use the word advisedly) melted in that seedy crucible of base carnality over-looking a graveyard in Southall, and recast in the unrecognizable mould of a 'gorgeous, grovelling, minge-mouthing gutter-fuck'. (For someone who claims to have had virtually no education, Les certainly has a colourful way with words!) In fact 'colourful' is probably just the right word to describe Les. With his milk-white skin stained by a riot of Baroque tattoos and his pierced nipples sporting their lurid, heavily S/M orientated rings and chains, he looks more like something out of a 19th Century Travelling circus than a motorcycle messenger from Edgware. Still, this was the strange, yet charismatic mentor fate had chosen to oversee this repressed secretary's sexual metamorphosis, with arcane, erotic rites-of-passage, so outrageous, so obsceen, that my exquisitely abused body and intoxicated senses are still reeling from the spine-tingling, nipple-popping, cunt-creaming shock of it all.

Mind you, Les was undoubtedly the ideal Svengali for this top-heavy Trilby: a tit-man from the soles of his feet to the top of his head and out to the pouting tip of his 8" dick. In his crude, predatory passion for my freakish, thimble-tipped mega-melons he perfectly complemented the need I felt to have my delectable tit-babies fawned over and fondled, teased and tormented, pampered and punished in ways that higherto had only formed the stuff of my most deeply-hidden longings and desires. Here was just the man to tap those secret well-springs of my tit-fetishism; an adept in the sacrament of tit-sex, and a worthy and devoted worshipper at the fleshy altar saw him as some kind of throwback – a Neanderthal. But I knew differently. I was uniquely placed to recognize him for what he truly was: *Homo Mamillus Erectus* – Twentieth Century Titman . . . with a vengeance. A breast-obsessed super-stud of our times whose alcohol-assisted, media-fed dreams of feminine perfection were instantly translated into hard, throbbing, blood-engorged gristle. Fantasy made flesh – and then some!

When I returned from the kitchen with a six-pack of well-chilled lager fresh from the fridge, *Homo Erectus* was already living up to his name; notwithstanding the fact that he had drenched me from top to tits in a colossal, dick-draining, monstro ejaculation only minutes before. Les grinned at me proudly as I gawped at the rapidly revcovering trucheon of gleaming pork luncheon meat that I had just dined out on so lavishly. His powers of recuperation were truly phenomenal. I placed the six-pack on the sofa beside him and knelt between his legs once more and started to rub his lengthening dick against the colossal prongs of bizarrely extruded nipple flesh that bulged from my mutilated bra-cups like a couple of plump, juicy frankfurters. The amazing wad of meat stirred as eagerly as a puppy in my hands, gratefully rubbing itself against my boobs and nuzzling my nipples almost hungrily. As Les watched me coaxing his cock back to its full, majestic height, he casually detached a can from the pack, and giving it a quick shake, he aimed the top at my chest and whipped off the ring-pull. I squealed in protest

when I saw what was coming (and this time it wasn't his dick!) and tried to twist away; but it was too late. A torrent of ice-cold beer literally exploded from the can under pressure, drenching my face and tits in its icy spray and stinging my naked flesh in a deluge of freezing, fizzy liquid. My pitiful squeak of protest was instantly transformed into shrieks of outrage and shock as the unexpected wintry shower engulfed me, and Les started to laugh hysterically as I knelt there like the proverbial drowned rat, ignominiously dripping lager from my nose and nipples.

"You bastard!" I cried, starting to laugh myself. "You absolute bloody bastard! What did you do that for?!"

Les took a mouthful of beer and grinned at me.

"I thought you understood. I wanted you to *wet nurse* me, Nadia," he explained, as if it was the most reasonable thing in the world. "I want to *suckle* lager on tap from your nipples. Sup the water of life direct from those massive beer-barrel breasts. I want to imagine your gigantic, fertile udders are filled to bursting with fermenting liquor and drink you dry. Drink until I'm intoxicated with the fragrant, juicy nectar of your boobs."

Was he making this stuff up in his head!?! I stared down, still in shock, at my saturated knockers. The freezing liquid had caused a rash of goose-flesh to break out all over the football-sized balloons of creamy meat and made my nipples harder than ever. They looked as big and solid as a couple of champagne corks and just about ready to pop right off the ends of my jugs at the slightest touch.

Needless to say, the super-aroused state of my sensitive nipples didn't go unnoticed by Les. In fact, I suspected that her present hyper-extended and massively engorged condition was just the effect he had been trying for. Leaning forward, he cupped my big, fleshy bladders in his hands and raising them to his mouth began to lap at my brimming cleavage like a dog drinking from a puddle of rainwater, slurping avidly at my succulent, trembling titty-trough and forcing his tongue down between the moist, silky nates to tast the richly marinated cuts of tenderest tit meat. I found myself moaining softly and gently stroking his thick mane of corn-coloured hair as I slavishly offered up myu lavish boob-banquet for him to feast on. And he did it beautifully. He was so gently, almost reverential in the way he handled my boobs, tenderly licking the soft, sweet, cheesecake flesh where it bulged dome-like from my too-tight bra until every trace of icy beer was gone and they gleamed succulently beneath a rich, comforting glaze of glistening saliva. Only then did he transfer his attention to those other pre-eminently available portions of my bra-clad mega-melons – my nipples (although the unassuming word 'nipples' is hardly adequate to describe the stupendous nozzles of hyper-distended tit-meat that projected from my modified underwear like a couple of hot dog sausages!)

With the tip of his tongue Les carefully plucked the big, chilly drops of amber fluid that hung trembling from the tip of each grossly distended teat like ripe fruit, before he got down to the serious business of sucking my huge, strawberry lollipops in earnest. I really cannot exaggerate the unbelievable size and super-erogenous state my forcibly extruded tit-ends were in by this time. With two snips of his scissors and some skilful manipulation, my new, self appointed six-receptors of the most exquisite refinement and sensitivity; and I had no doubt whatever that he fully intended to explore and exploit the capacity of his bizarre creations for experiencing the most extreme erotic stimulation to the very limits of the (*and my*) endurance. I moaned and squirmed deliriously at the

first super-erotic contact of tongue and teats, almost squealing with pleasure as I anticipated the unimaginable wonders that awaited me when my lover really got to work on them.

Then abruptly, what I could not *imagine* was *happening.* Each of my teats was engulfed, bathed, bitten and battered in a boiling cauldron of sensuous succulence that sent shockwaves of electric ecstasy streaking like lightening down my panting, beer-moist belly to my wildly spasming quim. I felt my fat elastic pussy-flaps unfurling carnivorously and my clitoris spring to attention as red and rigid as a guardsman as my cock-hungry snatch gaped and drooled as shamelessly as a starving beggar at a Tudor banquet. Once again Les seemed to exhibit an uncanny knack for reading my mind, and with both my nipples still firmly trapped between his front teeth he slowly started to ease himself back onto the settee. Obviously, I was inexorably drawn after him. Having no option but to follow my exquisitely elongated teats I struggled, squealing and whimpering with pleasure onto the sofa, until I found myself naturally kneeling astride Les's reclining body with my hands on the back of the couch either side of his head.

Peering down I could see Les's cock laying like a lead pipe across his belly, flushed with blood and bowed under its own colossal weight; as helpless as a beached whale. Taking hold of the struggling Leviathan between the thumb and two fingers of his left hand, he raised it up into the vertical and guided it easily between the swollen wet lips of my dripping cooze. and gasping with delight I slowly sank down onto it, engulfing it easily in my hot, syrupy love-tube, and feeling it stretching and filling me to perfection, until my steaming genital sweetmeats were skewered like a juicy kebab on that burning spike of iron-hard sex-flesh. And as my sopping gash engulfed the hairy root of his magnificent pussy-prong I shrieked with delight and surprise as his waiting thumb gouged unerringly into my wildly protruding clitty-bean, forcing it back into the soggy mess of pink meat and sex-slops and grinding the randy nubbin juicily against my pubic bone. It was like being jabbed in the fanny with an electric cattle-prod. I almost jumped out of my skin.

With this kind of ingenious stimulation in all the places where it counts, you can take my word for it that I wasn't long in coming. Spitted on his dick like a plucked capon – naked, dripping, almost sizzling in the red-heat of passion that consumed my body like a flame from loins to tits, and with Les swinging on my unbelievably abused tit-ends like a bloody chimpanzee – I pounded my seaty buns up and down like a beam engine, faster and faster – until finally, I felt him erupt again, inside me this time, squirting a second load of seething cock-cream deep into my bottomless honey-pot.

At Les's insistance I remained sitting astride him with his waning dick still inside me even after we had both come, so that he could continue to play with my tit and nipples. I must have looked a real sight by this time – my body steaked and smeared with a heady cocktail of spunk, beer, spit and pussy-slopps, and my outrageously sex-swollen knockers ballooning obscenely out of their medieval-type tit-harness. But Les seemed to like what he was seeing. And *touching*. He couldn't keep his hands off me for a second. Especially my huge, masochistic mega-nips which seemed to be defying all known laws of human anatomy by continuing to grow and swell to ever more improbable proportions with every passing minute. Les was little short of obsessed by them. I was rather taken with them myself; expecially when he rolled them between his fingers like

plasticine and stretched them to (and even *beyond*) their limits.

"Have you ever considered having your nipples pierced, Nadia?" he asked, tweaking the hard, rubbery fleshlets almost lazily. "They're so big you could easily fit four or five rings, one behind the other."

"What? And end up with nipples that look like curtain rails? Mum would have a blue fit!"

Les grinned then seemed to have an idea. Rummaging around on the sofa he quickly located the discarded ring-pull from the opened can of lager and as I watched he carefully slipped it over my left nipple and worked it down to the base of the fleshy thimble.

"What do you think?" he asked, flipping the pear-shaped flap of tin-plate that now hung from my teat like some modern piece of Hi-Tec jewellery.

"I don't know," I mused, trying not to giggle. "I'd have to see the pair."

"No problem," replied Les chirpily, and promptly opened another can and fitted the ring-pull deftly over my right nipple.

"There," he said with satisfaction. "It's definitely you."

They were definitely *something.* I watched Les idly diddling my improvised nipple-pendants with his fingertips and couldn't help gasping at just how tightly they gripped my pulsating nubbins.

Mmm. They certainly *feel* great," I said almost squirming with pleasure. "But I'm not so sure about the colour. Do you have them in something else? Gold perhaps?"

"Sorry madam. They're an exclusive limited edition. They only do them in silver."

I tried to look disappointed and thoughtful at the same time.

"Could I try them *without* the bra?" I asked.

Les seemed to consider this for a moment then nodded.

"Sure. It's time we got those big, juicy meatballs of yours out and kicked them around a bit."

"They're not *footballs,*" I protested, pulling a face.

"You're right. They're *bigger* than footballs!" he laughed, squeezing them ferociously. "Get the buggers out anyway and let's take a look at them."

Obediently, and with a mixture of relief and excitement, I reached behind me and unhooked the broad elasticated strap. The sudden surge of brutally compacted tit-meat made me gasp ecstatically as my beautiful babies bellied out like an inflatable life-jacket on my chest, and as I slid the shoulder-straps over my arms Les took them off me and started to pull them very slowly towards him, gradually peeling the damp, clinging garment off my boobs like a banana skin to reveal the ripe, fruity flesh within. And at the very moment we both expected the grotesque undergarment to slip gracefully from my body, exposing my treasure chest in all its naked, unconfined, unrestricted glory — we hit a snag. It wouldn't budge. As hard as he tried, the bra, now turned completely inside out, remained stubbornly attached to my tit-ends and refused to relinquish them, even with Les pulling vigorously enough to lift my massive jugs right off my body and stretch them out into long, bizarre cones of quivering, milky flesh.

Far from being irritated by this minor frustration, however, Les was absolutely delighted with the effect and was jerking my tits around like the drunken driver of the Deadwood stage. But even when I leaned backwards to lend my assistance to the wierd tug-o-tit contest it was no use.

"I think your nipple-rings are a bit stiff," chortled Les delightedly. We were both giggling uncontrollably by this time and tears of mirth literally ran down my face.

"It's my *nipples* that are stiff!" I shrieked back hysterically, Then It was my turn to have an idea. "Have you got any KY? You know: as lubricant. The way people use butter to get their wedding rings off and such."

Les considered this for a

This media was uploaded to VintageFilmDB.com

second then shook his head.

"Nar. Never use the stuff. All my girls are dripping by the time they get here," he grinned with mock machismo. Even as he spoke I could almost see the lightbulb going on just above his head. "Of course, he chimed with impish glee. "The best fucking lubricant in the world!"

So saying, he reached between my legs and pushed a couple of fingers into the slippery pink mess of honey-glazed pussy meat and came up with a generous scoop of steaming sex-slops. He hand't exaggerated. I really *was* dripping. Pushing my bra-cups back he delicately dabbed a dollop of vaginal hyper-grade onto each fleshy frankfurter and carefully smeared it all over them, being especially diligent where meat and metal were fused immovably together.

I watched this operation with especial interest. There seemed to be something particularly raunchy, particularly depraved about having my nipples massaged with my own cunt-cream: and it felt so sexy. My amazing nubbins were achieving new pinnacles of size and sensitivity quite unlike anything I had ever experienced before. This was due in no small measure to the fact that the innocuous nipple-rings had so constricted the circulation in my long-suffering teats as to cause them to take on an ominous purly-maroon colour and swell up to the size of Santa Rosa plums. They throbbed like beating hearts and every sensation was magnified a thousand times.

"Christ, Nadia! You've got nipples like dicks," murmured Les in wonderment — echoing my own feeling precisely as little mini-orgasms assailed my pulsating breats-buds like electric shocks. "There: that should do the trick."

With my nipples freshly greased, our bizarre tug-o-tit tournament resumed, and I felt the difference at once. My nipple-rings were moving, giving, millimetre by millimetre, slipping slowly but inexorably down the bursting fingers of super-sexy flesh. Then — POP! Suddenly they were off, and my indecently elongated breasts bounced back onto my body to wobble there with relief like to playful weather balloons in a light breeze.

Tossing the redundant brassiere away, Les gasped with astonishment when he saw how far my stupendous knockers hung down my body. As I said before, my tits aren't pneumatic, sit-up-and-beg type. They're real udders. Swollen, pendulous bladders of overripe tumescence that reach down almost to my belly-button. But it was still my colossal mega-nips that held his attention. Even with the constricting rings off they had lost none of their rampant enormity. He tweaked the impossibly bloated bulbs of maroon-coloured flesh between his fingers once more and massaged them, almost wanked them, in their succulent sheen of pussy-juice.

"What cute little stiffies," he cooed, grinning up at me. "I mean it. You really have got teats like pricks, Nadia."

"Not like *your* prick," I replied modestly, not used to being at the centre of so much admiring attention.

"Now that *would* be something," he said, warming to his subject and his task. "You'd be a dykes' dream. Your boss would have you putting-out your pretty tit-pricks all day long: titty-fucking her girlfriends two at a time. Would you like that? Plugging your dugs into all those drooling dyke pussies?"

"How do you know about that?" I demanded, genuinely shocked. Les was alluding, none too subtly, to the lesbian propositions I had attracted from certain highly-placed individuals in our organization not long after I first arrived there. Propositions which I had rejected (politely) and never spoken about to anyone.

Les grinned his impish grin.
